### **VIDEOS: Human Atlas Insights**

- Mapping the Multiscale Human by Gary Bader, *CIFAR co-director*

**Gary Bader, *University of Toronto, Canada***  
***(CIFAR co-director)***

---

# Biography

[Gary Bader](#) is a Professor at The Donnelly Centre at the University of Toronto and an expert in Computational Biology. The Bader lab is developing computational methods and an ecosystem theory of tissue function that considers cell-cell interactions, cell growth, and cell internal mechanisms, such as pathways, reactions, and causal relationships, to help understand development, cancer and regenerative wound healing processes. See <http://baderlab.org>
